

Notes – Residents Cosign Med Student Notes

PURPOSE: For Resident cosigners of medical student progress notes, there are different steps needed for Inpatient and Outpatient scenarios. A key element is that you must click Edit before signing the note.

Follow these steps to edit and cosign an **inpatient** medical student note:

1. From the **In Basket** click **Chart Completion**.

In Basket

- New Msg
- New Patient Msg
- Refresh
- My Messages
- Chart Completion (9)**
- Routed Information (2)
- My Open Encounters (1)
- Rx Request (1)
- Cosign Notes (1)

2. Click the note then click **Edit**.

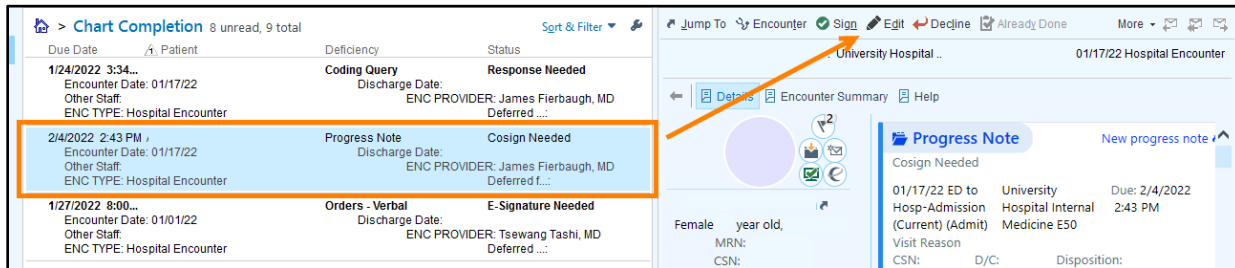

Chart Completion 8 unread, 9 total

Follow these steps to edit and cosign an **outpatient** medical student note:

1. From the multi-provider schedule, highlight the patient and click **Charting** or double-click the patient row.

2. From the **Notes** activity, within the medical student note, click **Edit** or **Edit in Notewriter**. Make any necessary changes and click **Sign**.
